

Applications

HEALTHCARE

HOCl is an EPA approved disinfectant that can be used in hospitals, clinics and nursing homes.

AGRICULTURE

Hypochlorous acid is becoming established as the clean, green, safe, effective biocide of the future.

EDUCATION

Use in schools and daycares for a non-toxic disinfectant that is gentle and safe enough to use around kids.

HOSPITALITY

HOCl allows for quick and effective cleaning in restaurants, rentals, hotels, cruise ships and airlines.

OIL & GAS

Biodegradable and non-flammable, HOCl is a perfect alternative to hazardous biocides in the oil and gas industry.

ENTERTAINMENT

Using drone technology, we create a more efficient way to clean and disinfect large venues like stadiums and arenas.

WATER TREATMENT

Hypochlorous acid can be used as a disinfectant in water treatment decreasing the spread of water-bourn bacteria.

JANITORIAL

Hypochlorous is used as a multi-surface, multi-purpose, deep-cleaner and fragrance free deodorizer .
